the event of any modification. Modifications may result in the sending out of new questionnaires and the possibility of conducting an additional audit. Furthermore, in order to retain the validity of your "CTG Technical Agreement", you must, within a period of twelve months following the receipt of this letter and every six months thereafter, inform the Corporate Technology Group of any substantial change concerning your Company on the following matters:

- > organization and financial structure,
- production facility and its location,
- developments of your quality system,
- > the proportion of our group in your production,
- > the consolidation of malfunctions likely to affect us.

The Corporate Technology Group, at its sole discretion, reserves the right to withdraw, at any given time and without notice, this "CTG Technical Agreement" which has just been granted to you.

Under no circumstances may your "CTG Technical Agreement" be considered as granting your Company any right whatsoever towards the companies (1) of the **TOTAL Group**. The companies of the **TOTAL Group** shall bear no liability, especially in the event of the withdrawal of this "CTG Technical Agreement".

This "CTG Technical Agreement" is limited to the activities of the companies (1) of the **TOTAL Group** which shall endeavour to select any potential bidder or bidders for supply contracts from the list of agreed companies.

Please note that the fact to obtain the "CTG Technical Agreement" does not grant whatsoever any automatic right to be called for tender. The selection of companies invited to participate in a tender remains the sole responsibility of the legal entity of the **Total Group** proceeding with such tender.

The grant of the "CTG Technical Agreement" to a supplier's production site does not imply that its products are in conformity with TOTAL Group's specifications or have a technical agreement from any of the Branch of activity of the TOTAL Group.

By signing this notification, your Company undertakes to comply with TOTAL Group's values on matters of safety, sustainable growth and corporate behaviour and observe its purchasing charter and satisfy the required level of technology.

We would be grateful if you could please confirm your acceptance to the terms of this letter by signing one of the two copies, adding the stamp of your company and returning it to us.

Yours faithfully,
